THE GRAIL

OF 68

Foreword

As graduation approaches, various scenes of tender, worried, joyful, and tearful moments come into view. But some of these moments, which we would like to recall vividly, are fading from our memories. In years to come we shall want to look back to the halls we walked, the doors we closed, the fountains from which we drank and many other "special" things.

In preparing this Grail I have tried to capture many of these moments for you. I hope, as you leaf through this book, you will find these moments have not passed but are here to remember.

TRACK TEAM OF 1967

880 Relay
"JOHN and ROGER"

The attributes of a good track team lie within the quality of the boys of whom it is comprised, together with the loyal men who are their coaches. A good track man must have, in addition to intelligence, perception, speed, vigor, and stamina to pass the rigid standards to become a champion in his field. All the events require well trained muscles coordination, along with speed to carry him up and over that all important bar. In the hurdles he must be able to jump over each hurdle and on to the next. In the discus throw the spectators see mostly the muscular strength of the winner throwing his disc farther than the rest. The javelin also takes muscle to get it as far away as possible in the hope. of breaking an old record.

Our track team has come a long way from where the original WAHS track team stood in the county events. It is through the hard work of the boys and their coaches who work so hard with them to make, not only a good team, but a team who rate very near the top.

Congratulations to the excellent work of the 1967 Track Team of Wattsburg High!!

Our Wattsburg wrestlers had one of their finest seasons this year. Wrestling, as a sport for individuals, has always been successful here. This year the Bobcats, as a team, became one of the most feared in the county. An impressive Harborcreek team, which left here with their first defeat, can attest to this. Now Wattsburg High School has another sport in which we can show pride. Congratulations!

MEET: Phout (Jimmy) Soukvilay

Jimmy at the Fair with part of his American family, Mrs. Copen and son Darl.

Being very far away from my home land, I always felt proud and happy to stay here in such a great country. I realized that I got a number of new and good experiences in sharing with you and in learning from staying in Wattsburg for one year. I also noticed that people are much the same all over the world. We may speak different languages, have different customs and eat different foods but our hopes and dreams in the future are much the same. In my own opinion, I think that it's the home of great-hearted people. I won't ever forget it and my nice friends and my American nickname.

I shall always remember my wonderful year here, and I'll never be able to properly thank the A.F.S. for this scholarship.

Best of luck to all of you, dear friends!

THE ROAD GOODBYE

The road I took was named Goodbye
The path looked strange. I wondered why
It left familiar things behind.
A hand caught mine ... I paid no mind.

The stranger never once did say
Just what had brought him on my way.
On we went, and some afraid
I wished I hadn't come, but stayed.

All the friends that I once knew
Took a road named Goodbye too.
There were no two roads just the same
Though all were called Goodbye by name.

The road went on; we went on too,
And I was sad, for then I knew
That never could I be the same
Having walked down Goodbye Land.

And though I couldn't understand
We walked together hand in hand.
We said no words, but just walked on,
I thought of things now past and gone.

I thought of games I'd lost and won,
I thought of all the things I'd done,
I thought of those I loved and cared,
Of times we'd had, of things we'd shared.

I thought of those I'd come to know.
Just knowing them - they'd helped me so.
I thought of things, of tears I'd shed ...
Those same things now brought smiles instead.

The tasks I'd done, those left to do,
I wondered how I'd make it through
When something inside seems to say,
"The best you can from day to day."

The way was rough; I knew the score,
It never ends ... there's always more,
But now I know that all in all
Each thing in its won place will fall.

I thought of all the happy days,
The sad ones now just seemed a haze,
And in a flash I came to see
How much the past had meant to me.

We walked along - I wondered where
The future led and what was there.
The past still echoed from behind
I was its, and it was mine.

But in my heart was still a fear,
And in my eye a shining tear;
Yet on my face there was a smile,
And we walked forward all the while.

I walked along the road Goodbye.
I looked back once ... I heaved a sigh.
Then I remembered at my side -
My silent, but my constant guide.

The stranger's hand I felt in mine.
I looked into his face this time.
I asked his name - he turned just so,
He smiled and said, "I'm called Hello."
